GEOCOOL Rebranding  
Logo Design  
FCC Logistics Pvt. Ltd.  
2024

Our rebranding for GEOCOOL, including a new logo and tagline, revitalized the brand's identity, enhancing its market presence and clearly communicating its core strengths in cold storage and logistics. This strategic refresh positioned GEOCOOL as a more dynamic and reliable partner in the industry.

GEOCCOOL

Trusted at Every Degree

Recognizing the need for a logo that resonated with GEOCCOOL values of strength and excellence, we embarked on a journey to infuse vitality into the brand's visual identity. Elements with fiery orange, blue and grey were incorporated to show speed, temperature precision and transport, resulting in a dynamic and globally appealing logo that captured the essence of GEOCCOOL ethos.

Happy Forgings Ltd.  
2022

Happy Forgings, a forging manufacturer, sensed the need for a visual identity that could encapsulate its legacy. We delved deep into the essence of forging and extracted inspiration from the very heart of molten metal and hammers.

## Rebranding Logo Design

Lighthouse Funds Rebranding  
Logo Design  
Lighthouse Pvt. Ltd.  
2025

Lighthouse Funds is one of India's leading growth-stage private equity firms, known for backing category-defining companies, empowering entrepreneurs, and driving long-term value creation. When approaching the brand refresh, Lighthouse sought to retain the emotional and symbolic essence of its original logo rather than opting for a complete overhaul. We responded with a thoughtful evolution — preserving key visual elements while introducing a more refined, future-facing identity.

## LIGHTHOUSE FUNDS

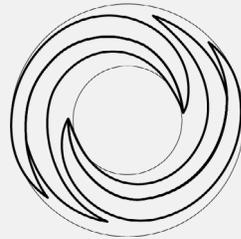

A subtle name change to “Lighthouse Funds” reinforces their focused investment positioning, while the updated design reflects the firm’s clarity of vision, maturity, and commitment to long-term growth. A cool-toned palette replaces the typical corporate blue with a more premium combination of navy and light blue — evoking trust, stability, and calm confidence. Sharp geometric forms replace rounded edges to reflect the company’s integrity and attention to detail, while the two outward-facing triangles symbolize the guiding beams of a lighthouse. A golden upward line completes the mark, representing stability, strategic growth, and future-focused thinking — all values central to their investment philosophy “Dream, Dare, Scale, Care”.

## Rebranding Logo Design

US Pharma Rebranding  
US Pharma (I) Pvt. Ltd.  
Logo Design  
2023

The new logo for US Pharma transforms the 'U' to the dynamic swirl of progress. This evolution mirrors our commitment to pioneering breakthroughs and ensuring a future of health and vitality.

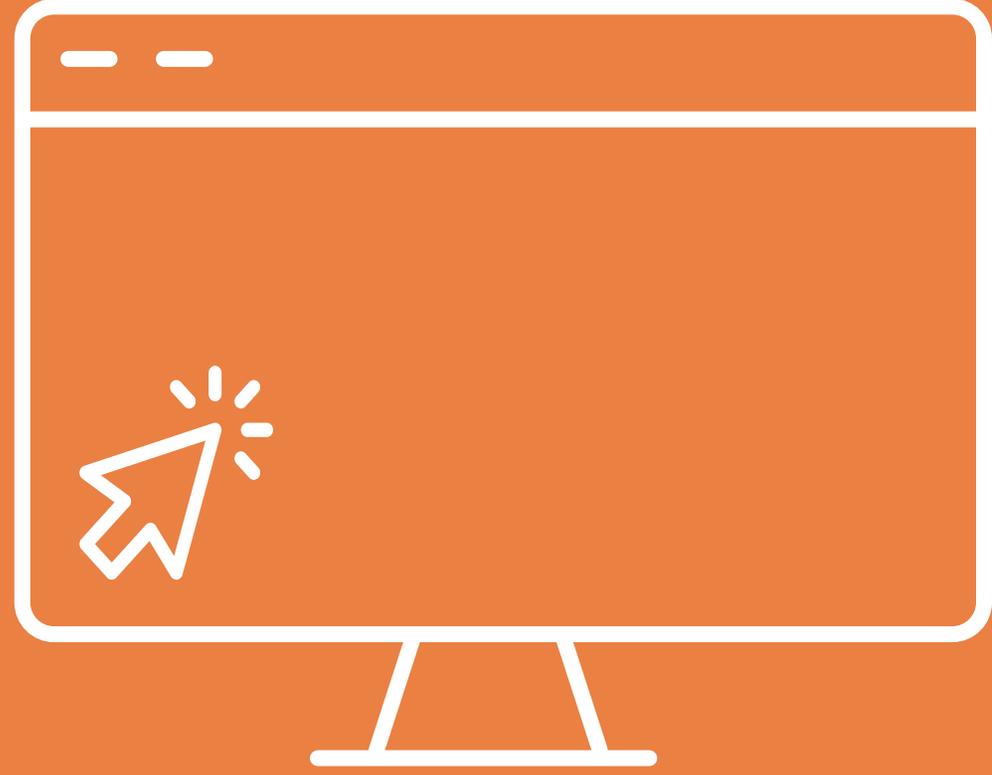

**US Pharma**

Pioneering Excellence. Redefining Quality.

The vibrant orange and blue palette chosen for US Pharma reflects a harmonious blend of energy and trust. Orange symbolizes innovation, while blue instills a sense of reliability and strength. Together, they convey the brand's commitment to dynamic progress and steadfast reliability in the pharmaceutical landscape.

## DON'T BUNT. AIM OUT OF THE BALL PARK. AIM FOR THE COMPANY OF IMMORTALS: OGILVY

Abraham Alapatt's first job was by design as he passed up two campus recruitment offers from leading hospitality and electronics companies in 1995. Instead, he chose to join the first ad agency to give him a job, as a management trainee, on a very, very low salary. It was a small ad agency in Chennai called Goldwire, a breakaway agency from Lintas, largely in the business to handle a big client that was MRF. It was a small start but one that taught him important lessons: the MRF account taught him that even a product in an extremely boring category can be made to look glamorous, macho, and sexy; and, that nothing is unimportant.

After his five years at Goldwire, he was hired by Ogilvy & Mather, the firm established by his icon, as client services director and practice group partner, which was for him a dream come true. In his five years there, he led a large team handling many of the largest accounts including Hutch (now Vodafone), ITC, Sify, etc. Just when he was expected to move to Ogilvy Mumbai, he was offered the role of Head of Marketing for Reliance ADAG's Mutual Fund business in 2005. With no experience nor investment in mutual funds, it was an interesting assignment.

He remembers buying a book 'Mutual funds for dummies' at the airport on his way to the interview, where his interviewee asked him about the point of interviewing him given his obvious lack of experience and knowledge about the business. To which, he replied that with less than 3% penetration in the country, you're not going to reach the other 97% unless you recruit from that same 97%. He admits today it was a shot in the dark, but it got him through, and he stayed on for three years.

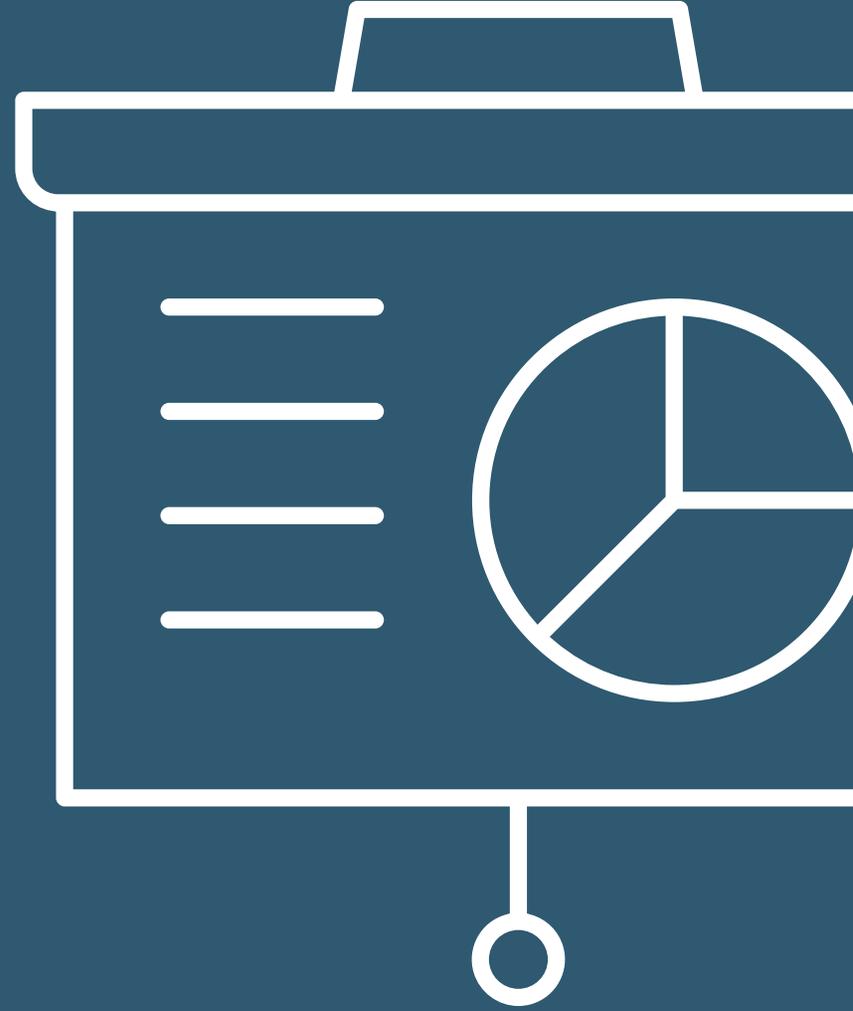

He headed marketing for Development Credit Bank for less than a year, after which he joined Future Generali in 2008 as Senior VP & Head, Brand & Corp Communications. Effectively, he was the CMO for both, Future & Generali. In 2012, he joined Thomas Cook as Head of Marketing, and eventually, Head of Customer Service. Now, he is also the Head of Innovation, which is new businesses, verticals, and ideas.

## Animated Videos

### Creativity In Motion For Corporate Communications

Animated videos have emerged as invaluable assets for corporations, offering a dynamic and engaging means of communication. These visually compelling animations are an adaptation of traditional Annual Reports, effectively conveying complex information into a simplified and memorable format. Whether elucidating intricate product functionalities, narrating brand stories, or simplifying complex processes, animated videos captivate audiences by blending creativity with clarity. In the corporate realm, these videos serve as versatile tools for marketing, training, and internal communication.

At SGA, we pioneered Corporate AR by transforming text-heavy annual reports into engaging, short videos that highlight key corporate and financial details. Spearheading this innovation, we've redefined how companies communicate with stakeholders—turning routine reports into immersive, interactive experiences that are both impactful and easy to understand.

3F Oil Palm Pvt. Ltd.

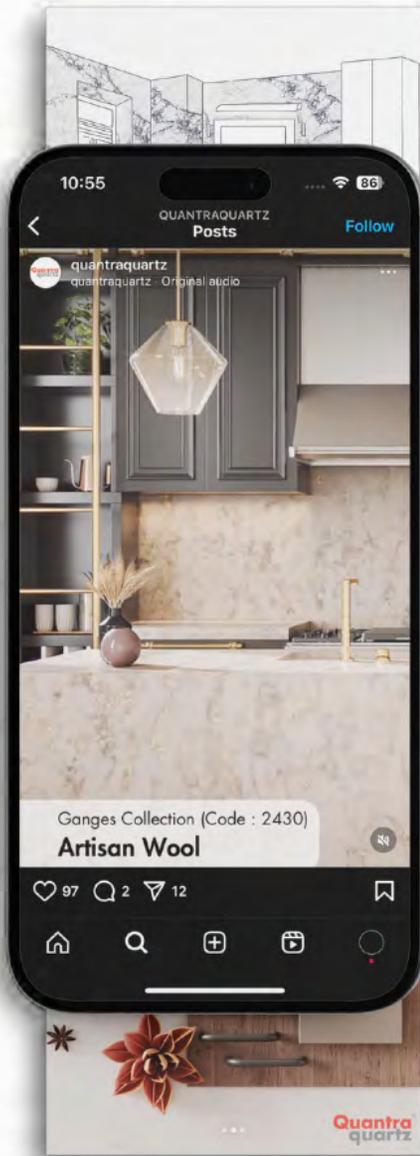

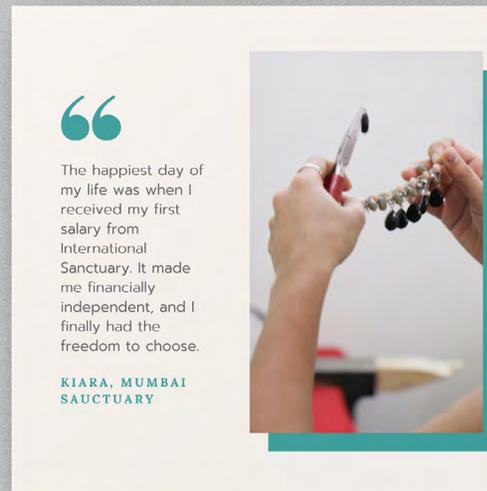

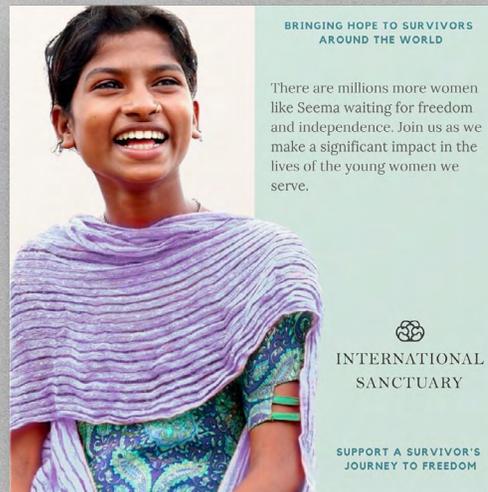

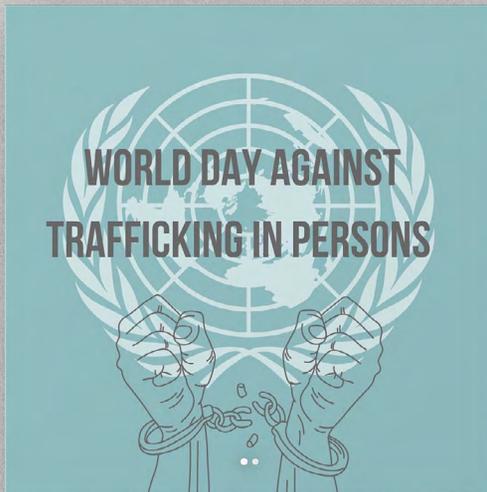

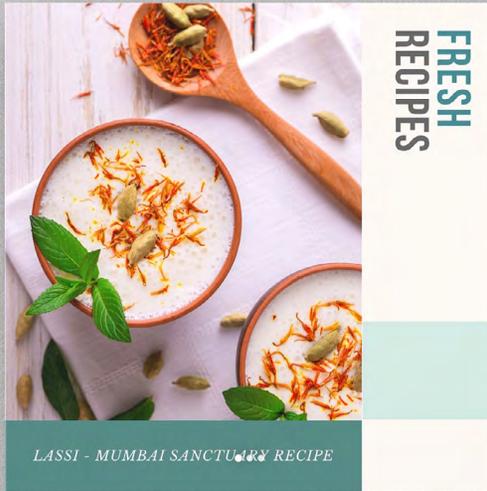

With a platform strategy approach, Quantra utilises Instagram for showcasing the brand's core aesthetic value in the form of moodboards, product use-case CGIs and more. The LinkedIn presence of the brand focuses on the organisational front, showcasing factory visits from key dignitaries, training sessions for upskilling employees and more. This strategy helps build the brand's awareness as well credibility.

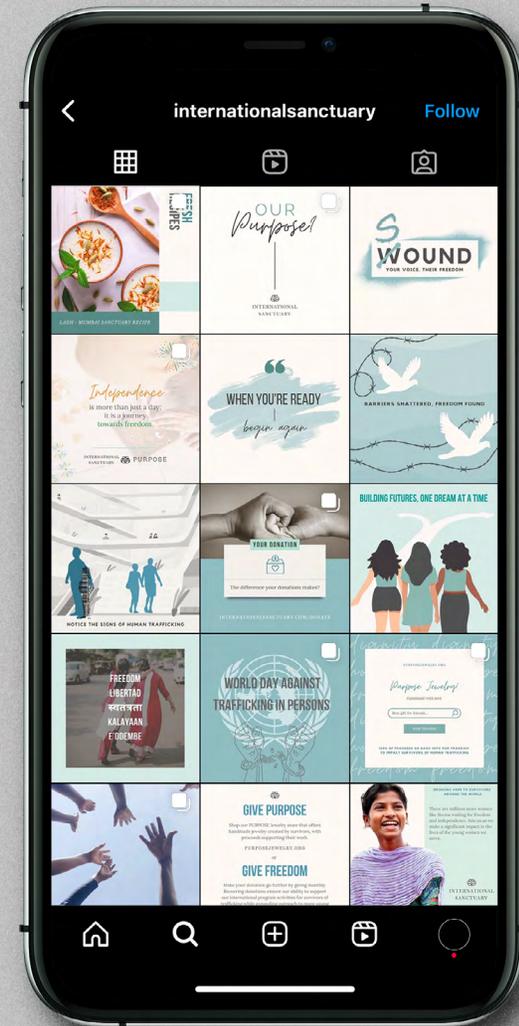

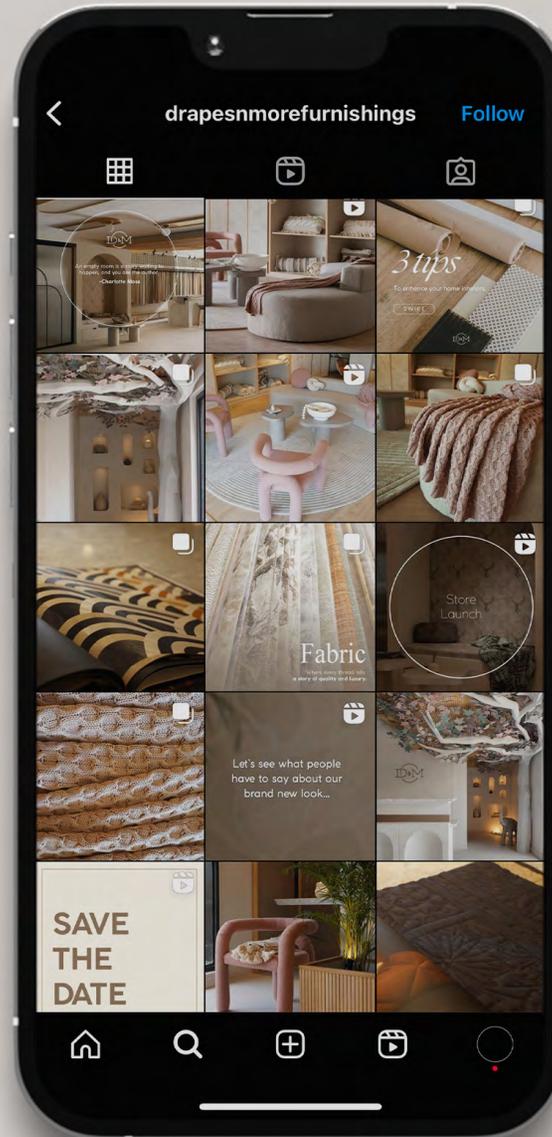

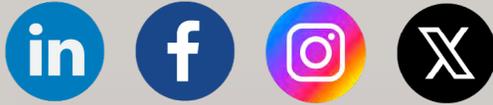

Through our strategic approach and engaging content, we helped raise awareness for Purpose Jewelry, handcrafted by the women of International Sanctuary. By highlighting their empowering stories and the mission behind the jewelry, we contributed to increasing visibility, increase in followers, which led to a boost in sales.

INTERNATIONAL SANCTUARY  
*hope · dignity · freedom*

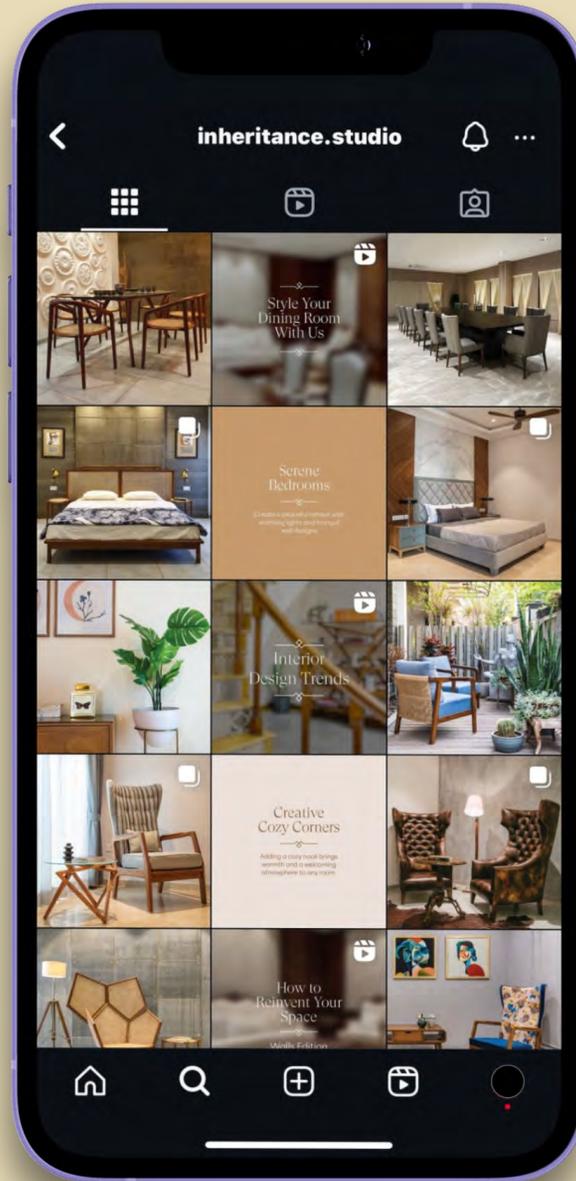

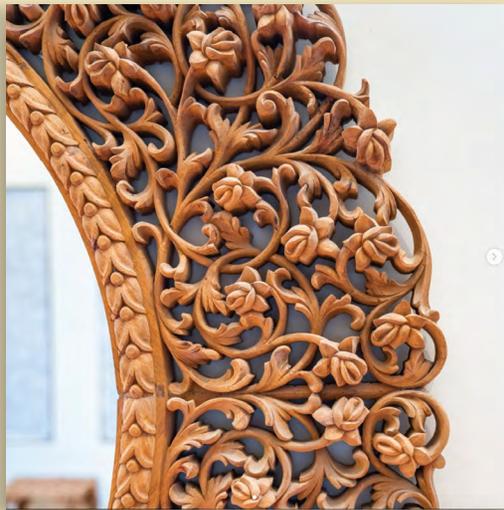

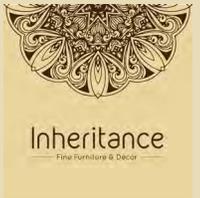

Our social media strategy for International Sanctuary helped grow their community by showcasing impactful designs and highlighting their work with human trafficking survivors. Through thoughtful content, we raised awareness of their efforts in providing safe spaces, education, healthcare, and employment.

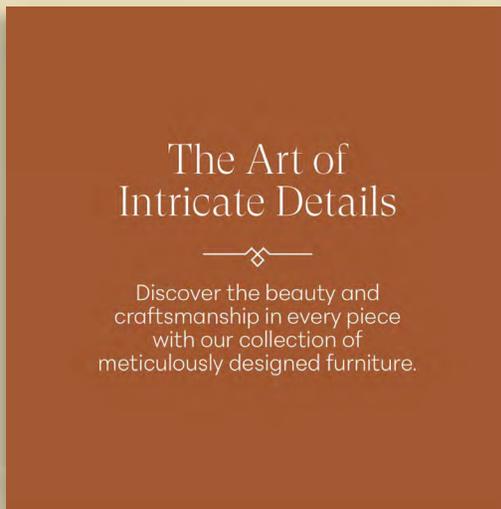

The social strategy for Drapes 'N' More was focused on building a strong Instagram presence. This was followed by curating and creating the brand aesthetic using shoot based content, which highlighted the collections housed in their store. The visual appeal of the page is integral to creating brand recognition and positioning DNM as a leader when it comes to fine furnishings.

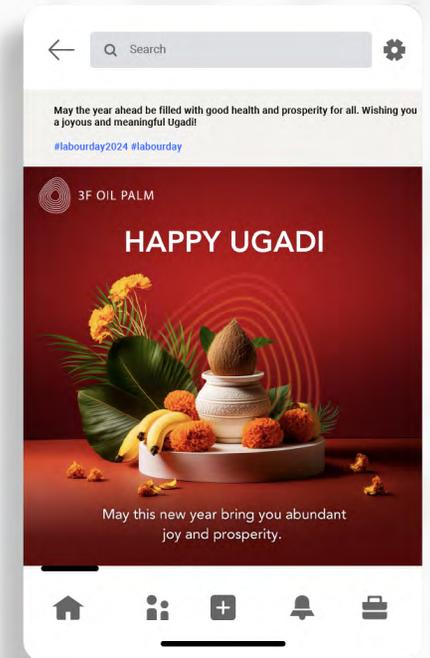

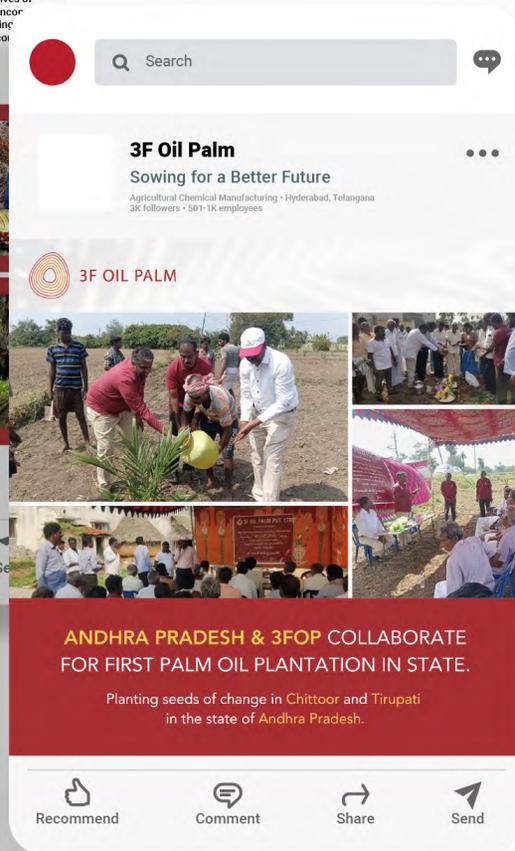

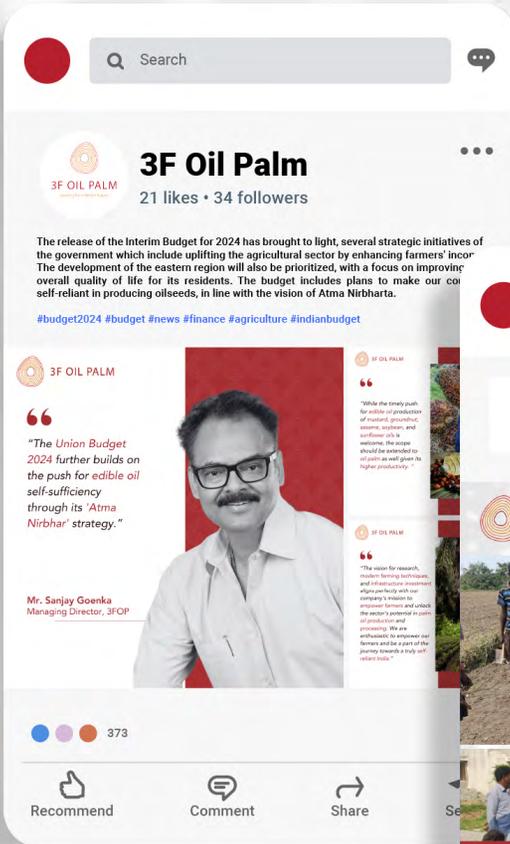

Building the Instagram page from scratch, Inheritance Studios content strategy began by sharing the brand story. Keeping brand awareness as the primary objective, the content strategy has kept products in key focus, while sharing interior design tips which help establish the brand's thought leadership and expertise in the field.

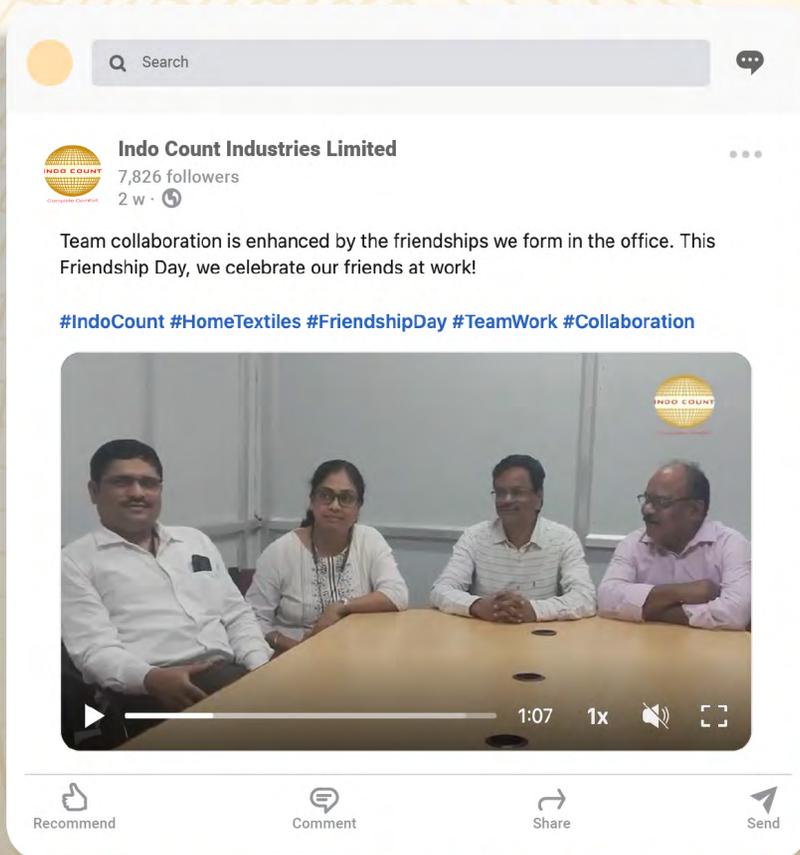

The social media for 3 Farm Oil Palm is entirely LinkedIn oriented, with hygiene content being reposted across Meta. The content is designed in a manner that each post seamlessly showcases the brand's elements and colors. The content mix, while limited to brand awareness, highlights visits to the oil palm nursery, felicitations, topical occasions and important announcements.

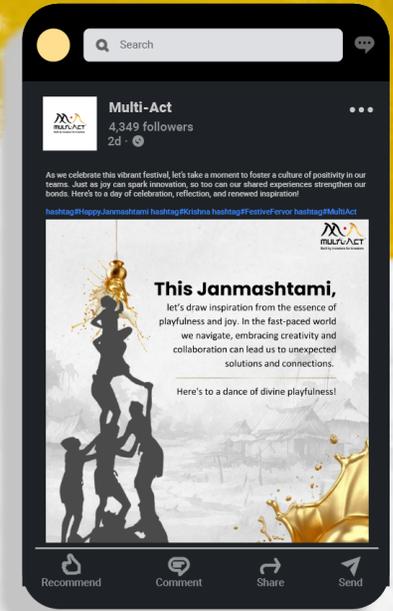

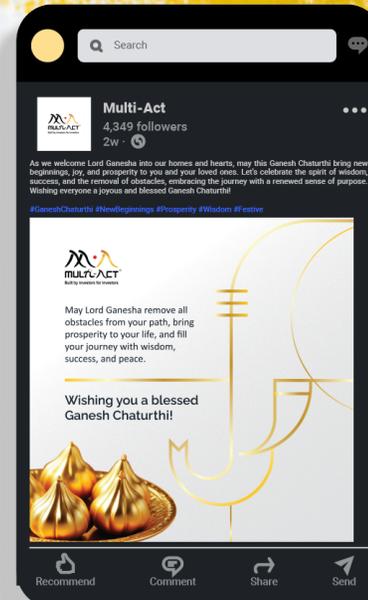

As one of the world's largest manufacturer and importer of linens and bedsheets, the brand's social media strategy was largely focused on LinkedIn, with reposting across other digital touchpoints. The objective was to establish brand superiority by creating content that correlated the brand with premium quality, large scale collections and production, environmental friendliness and positioning Indo Count as the ideal partner for any B2B needs in the bedding industry.

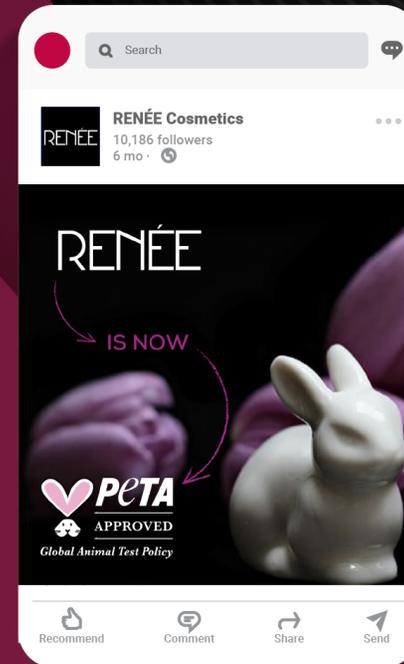

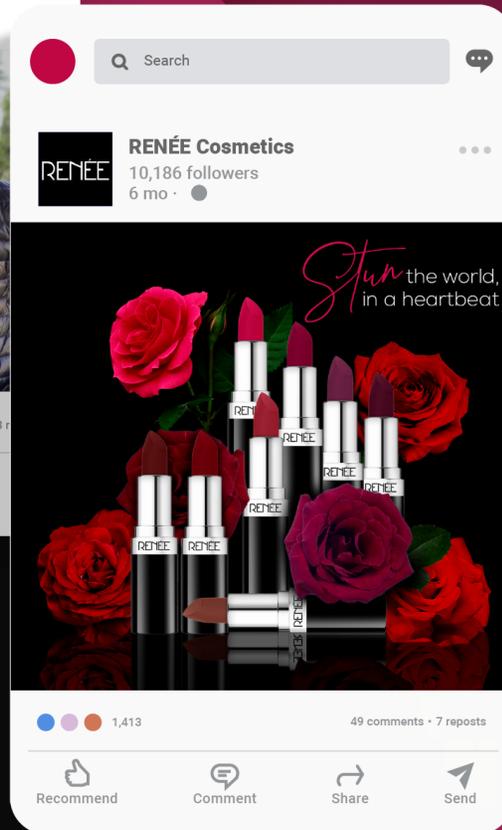

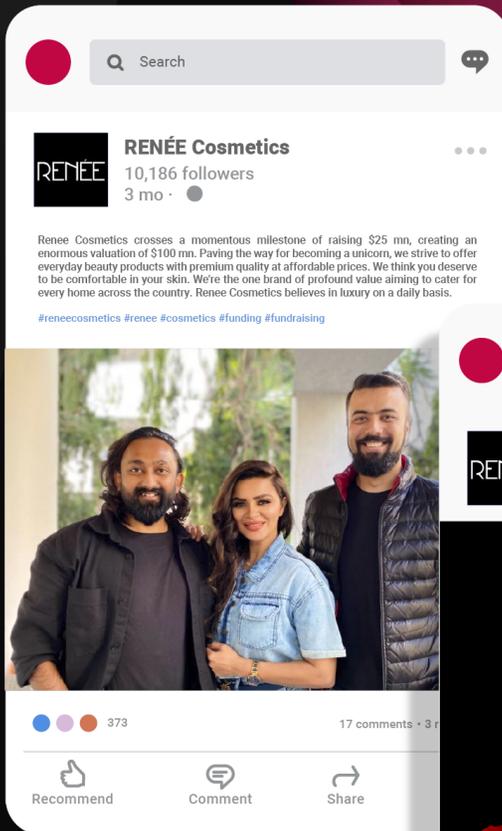

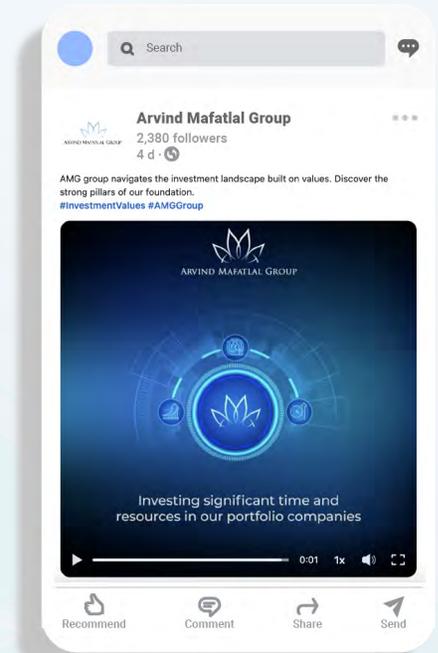

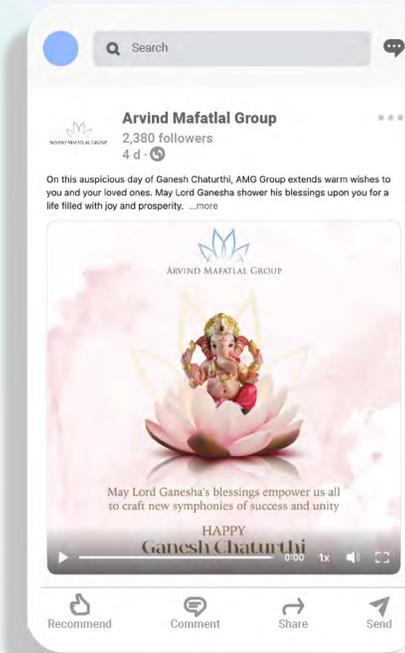

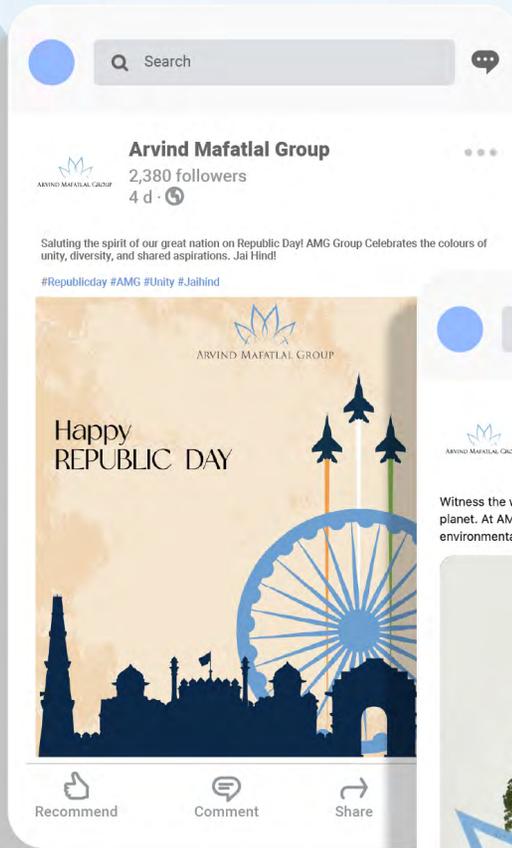

As India's leading investment advisory and portfolio management provider for family offices, Multi Act's strategy has been to utilise a professional platform like LinkedIn to portray their thought leadership and amplify their services in an informative way without hard selling the same. With a TG that is elite and affluent, the idea in their visual and written communication has been to display premiumness and luxury.

RENÉE

Renee Cosmetics, a leading Indian brand in the makeup industry, is one of the most recognized names in the market today. Our role involved managing their LinkedIn presence, where we developed and executed a tailored content strategy. This strategy was designed to spotlight their product launches and strengthen their positioning in the market. Our efforts contributed to the brand's significant growth, now valued at an impressive Rs 1200 crore.

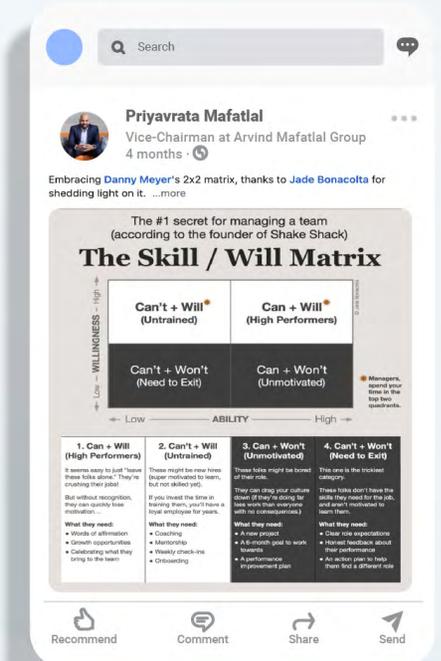

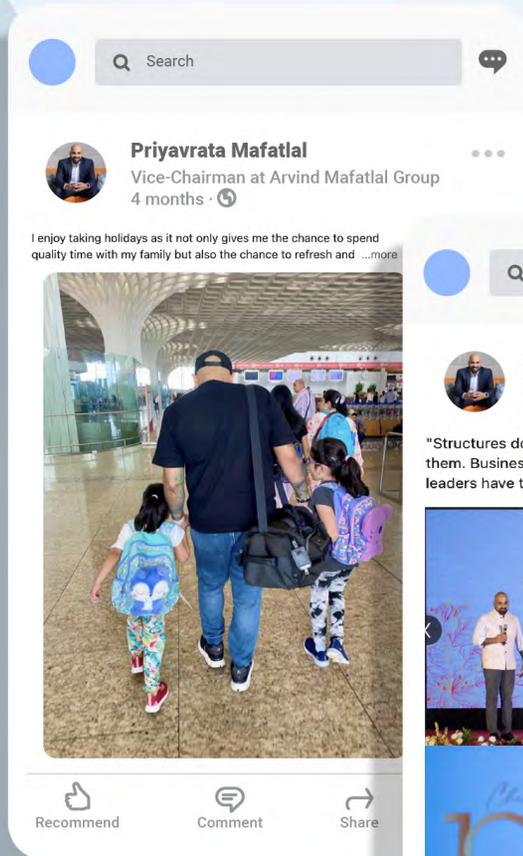

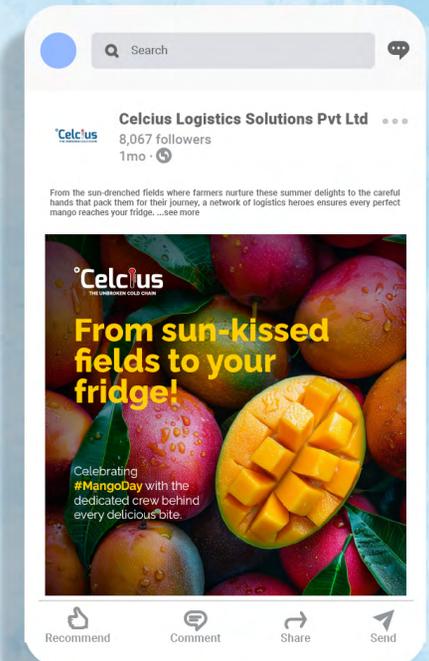

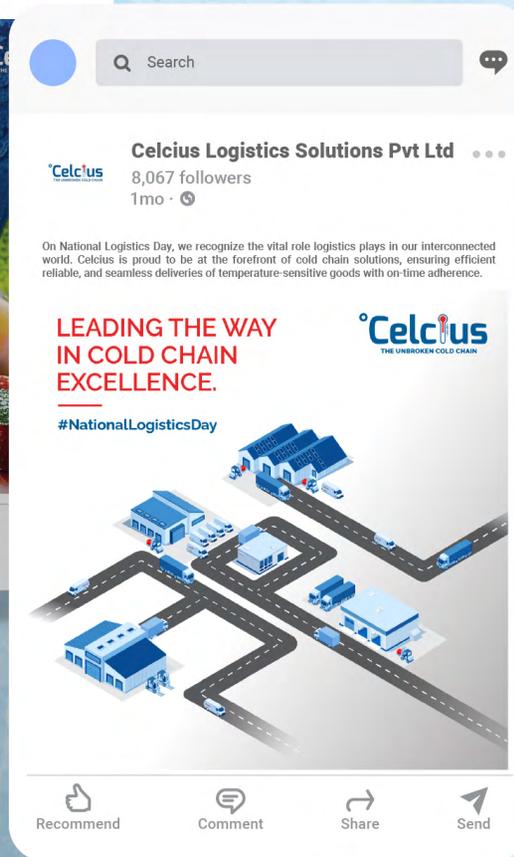

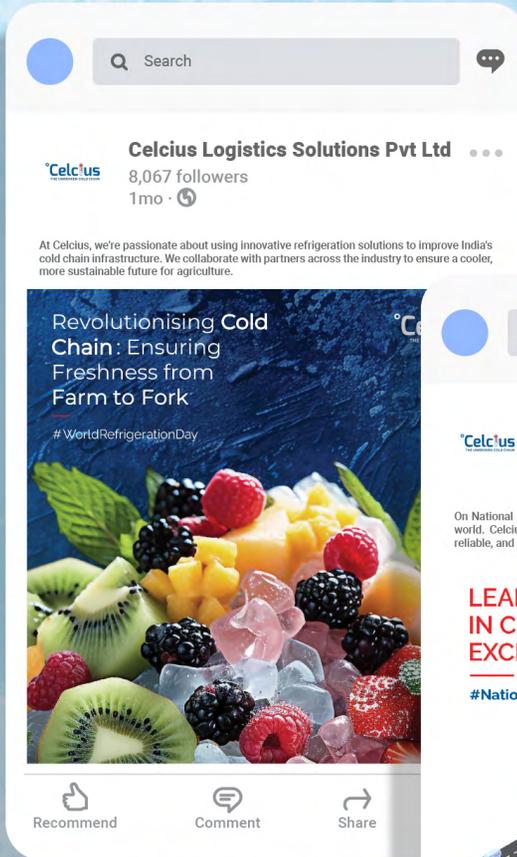

The objective of the 118+ years old Indian conglomerate has been to focus on LinkedIn to maintain their brand legacy through relevant and regular communication, and to amplify the various companies under their banner by cross posting their content onto the AMG page. This coupled with topicals, and some informational posts about the subsidiary companies was how we achieved our objectives.

## Priyavrata Mafatlal Managing Director of Mafatlal Industries Ltd.

Our role involved managing Priyavrata's LinkedIn presence, resulting in a steady month-on-month growth in followers. We developed a bespoke content strategy, closely aligned with his personality, views, and tonality, allowing his authentic voice to resonate. Through our quality-driven ghostwriting approach, we ensured that his unique perspectives were effectively communicated, making his digital presence as impactful as his professional endeavors.

An industry leader in the cold chain logistics space in India, Celcius looks to LinkedIn to achieve multiple objectives such as brand awareness, thought leadership and communication that positions them as profitable towards potential investors. Utilising a mix of topical, company culture content, testimonials and informative posts about their products and services, we are achieving our objectives.

## Swarup Bose

Chief Executive Officer of  
Celcius Logistics Solutions Pvt. Ltd.

A key element of personal profile building on LinkedIn is to use a personal space to promote your brand by becoming a voice of the same. Our strategy with Swarup Bose, CEO of Celcius Logistics's LinkedIn profile is to achieve the same, helping create awareness about the cold chain industry, the progress that Celcius is making, and making Swarup synonymous with the brand as an absolute thought leader in the space.

HAPPY FORGINGS LIMITED

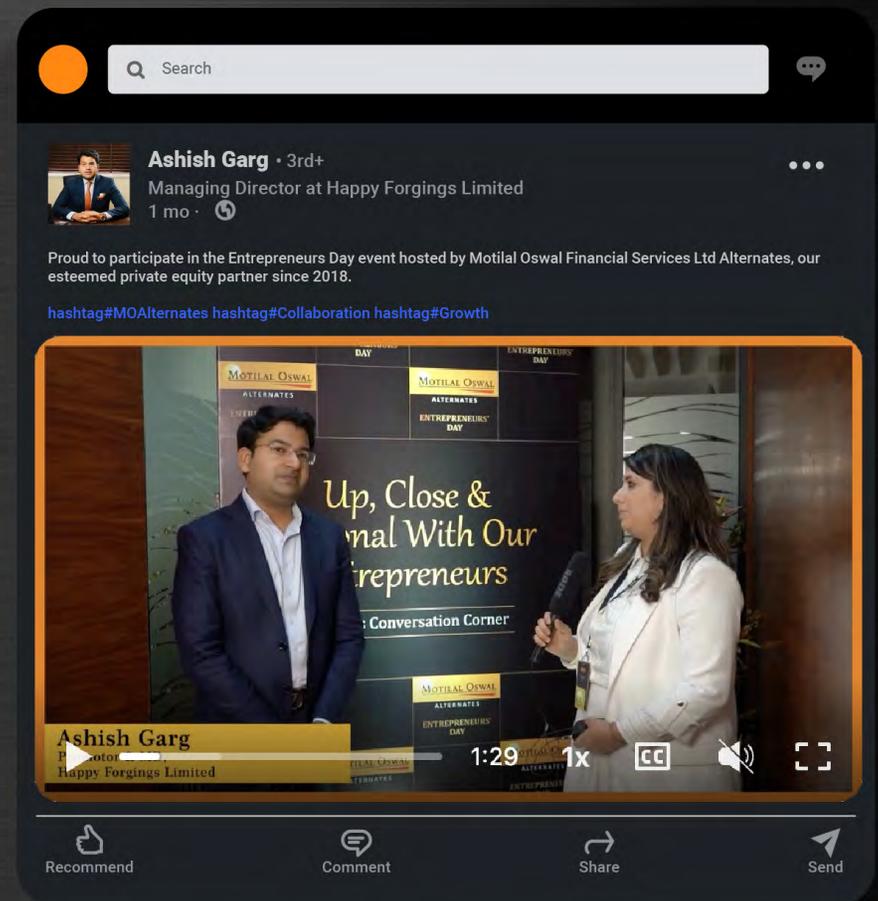

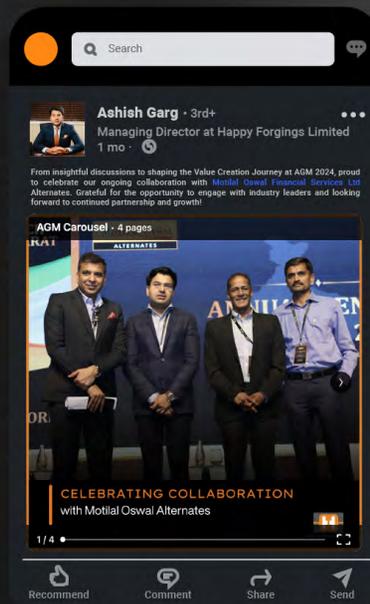

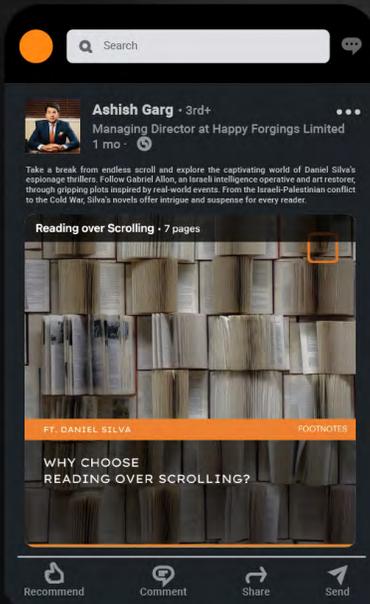

As a leading manufacturing and forging company in India, the primary objective was to increase the brand awareness for Happy Forgings at a pan India level, in specific association of their impending IPO launch. Post the launch, the communication strategy was based on highlighting their superiority in production, as well as portraying their brand strength using company culture, events and more.

**Ashish Garg**  
 Managing Director of  
 Happy Forgings Ltd.

For Ashish, we embarked on a comprehensive personal branding strategy on LinkedIn during the pre-IPO phase. Our objective was to authentically capture and amplify all facets of his professional and personal voice. By deeply understanding his psychology, thought process, and strategic vision, we crafted and executed a content strategy that navigated the challenges of both the pre-IPO and post-IPO phases.
